

WH Energy-Saving Electric Vehicle ZEFNET Charging Station Options

Purchase a ZEFNET charging station on the EnergyWise MN website. WH has partnered with Energy Wise MN to take the guesswork out of purchasing an EV charging station. We've narrowed it down to our top three models, and we'll help you find the one that best fits your lifestyle. Talk to an electrician to find out what amperage you need at your home to know what charger is best for you.

Purchase your ZEFNET charging station at the EnergyWiseMN Store

- No metering outside the home, meter is onboard the unit.
- Energy rate during charging time is \$.06434 per kWh.
- Energy rate is not subject to Power Cost Adjustment (PCA).
- Charging time is eight hours per day, generally from 11 p.m. - 7 a.m.
 - Charging is not available all other hours.
- Rebates up to \$1,000. The EV must be fully electric and have a minimum of 4.5kW charger rating to qualify.
- Purchase your charger online at energywisemnstore.com.

The ZEFNET Charging Station Time-of-Use Program is coming soon!

ADDITIONAL REBATE INFORMATION:

Enrollment in the Electric Vehicle Storage Charge rate is required to receive rebate.

Rebates are available on new installations only. The ESP rebate is a credit when you purchase the charging station. The CIP rebate will be given as a credit on your bill.

Rebates will not be applied until final inspection is completed.

Rebate forms may be downloaded at whe.org.

Learn more by talking to a WH representative at (763) 477-3000 or visit WH's website at whe.org.

Rebates are paid on a first-come, first-served basis. Terms and conditions are subject to change.

Please allow six to eight weeks for rebate processing after installation.

Purchase a ZEFNET charging station, which is compatible with all plug-in vehicles, and receive a \$500 rebate! Receive another \$500 rebate when you join WH's electric vehicle storage charge program, for a total savings of up to \$1,000!
