

Edward R. Slebiska Memorial Lineworker Scholarship Application

Edward R. Slebiska Memorial Lineworker Scholarship Program

When Wright-Hennepin (WH) was co-founded by Ed Slebiska in 1937, he played a crucial role in bringing electricity to rural homes and farms. He went on to become WH's first manager, holding the post until his retirement almost 40 years later in 1975.

Today, lineworkers continue to play a core role at WH in building and maintaining reliable power lines that serve members' homes and businesses. In memory of Edward, WH offers this scholarship.

The purpose of the Edward R. Slebiska Memorial Lineworker Scholarship Program is to encourage men and women in the local area to pursue an electric lineworker career. Two scholarships are awarded annually, each in the amount of \$3,000.

Since the Lineworker Scholarship Program started in 2002, WH has hired several recipients as apprentice linemen.

Benefits of being a WH lineworker

- Competitive wage
- Excellent benefits
- Job stability - WH has been serving the local area since 1937

Apprenticeships

Lineworkers make up a large percentage of WH's workforce and are an important asset to the cooperative and community. Lineworkers have the opportunity to train on heavy equipment and gain many skills. Their duty to keep power on is a lifeline to the local economy. Graduates of power line schools are generally hired to work as apprentice lineworkers. Apprenticeships last four years and include on-the-job training as well as correspondence coursework. The average first-year pay is approximately \$20 per hour plus a benefit package with graduated increases throughout the apprenticeship.
