## Protection whether you're home or away

With a home security system from WH Security, you can be protected both while you are home and while you are away. Our systems offer two arming options: "Stay" and "Away."

When turning on your home security system, if you arm your system for Stay, it will deactivate the motion detectors so you are free to move around inside of the house while the alarm system is protecting the entry points including perimeter doors and windows. If you arm the system for Away, the system assumes no one is in the house. In addition to the perimeter and entry doors, the motion detectors will also be activated.

To learn more, call our security specialists at 763.477.3664.

## September's no-bake recipe

### No-bake caramel apple cheesecake dip

via [Iowa Girl Eats](#)

#### Ingredients

- 8oz 1/3 less fat cream cheese, softened to room temperature
- 9oz Cool Whip
- sliced apples
- graham crackers

#### For the Caramel Sauce\* (makes ~1 cup):

- 1 cup packed brown sugar
- 1/2 cup half and half
- 1/4 cup butter
- dash of salt
- 1 Tablespoon vanilla

#### Directions:

1. Combine brown sugar, half and half, butter and salt in a small saucepan over medium heat. Bring to a simmer while stirring constantly then turn heat down slightly and continue simmering while stirring until mixture has thickened, 8-10 minutes. Add vanilla then continue to simmer while stirring for 2 more minutes. Set aside to cool completely - can be done ahead of time.
2. Reserve 2 Tablespoons caramel sauce for topping the dip with, then add 1 cup caramel sauce to a large bowl with cream cheese and whisk until smooth. Add whipped topping then fold with a spatula to combine. Refrigerate dip until completely chilled, at least 2 hours.

- Scoop dip into a serving bowl then top with reserved caramel sauce and crushed graham crackers (optional) then serve with apple slices and graham crackers.
