

WH Energy-Saving Rebate Program

2021 Rebate Application

ZEFNET Charging Station

Electric vehicle (EV) ZEFNET charging station must be on Storage Charge Energy-Saving Program (ESP): ZEFNET 240-volt Level 2 wall mount charging station unit with an all-electric EV having a minimum of 4.5 kW charger rating.

This rebate is available only for the purchase/installation of a new ZEFNET 240-volt Level 2 wall mount charging station, which must be on the EV Storage Charge ESP. The EV is required to be all-electric with a minimum of 4.5 kW charger rating to qualify for the rebate and it must be installed where electricity is supplied by Wright-Hennepin (WH). Rebate submittal must follow the terms as outlined on this form.

Terms of the WH Energy-Saving Rebate Program

- Rebate amount is \$500 toward the purchase/installation of the ZEFNET 240-volt Level 2 wall mount charging station.
- ZEFNET charging station must be on the EV Storage Charge ESP.
- Charging time is eight hours per day, generally from 11 p.m. - 7 a.m. Charging is not available all other hours.
- Energy rate is \$.06434 per kWh. The energy rate will not be subject to Power Cost Adjustment (PCA).
- The EV is required to be all-electric with a minimum of 4.5 kW charger rating.
- The EV charging station must be installed within WH service territory.
- Member will pay the cost and arrange installation for the ZEFNET charging station.
- One rebate per household for life.
- Rebates are applied as an instant rebate when purchasing the unit from the Energy Wise MN Store website..
- **The program will be required to be in place for a minimum of five years.**
 - If removed, the rebate will be prorated and billed to your electric account.
- **By applying for the rebate you are agreeing to the terms of the program.**
- **Must be purchased between January 1 - December 31, 2021. If the charging station is not installed on an Energy-Saving Program, you will be billed back on your electric bill the amount given as an instant rebate.**
