Terms of the WH Energy-Saving Rebate Program

- Rebate amount for AC is \$40 per ton up to a maximum of \$200 (5 ton).
 - Member agrees to allow WH control up to 200 hours per cooling season. During the managing time, we will cycle your AC on and off during the time of control.
 - Member must be on at least one other ESP to qualify.
- Rebates will be issued as a credit on your WH electric bill.
- AC unit must be installed within WH service territory.
- AC unit must be on the Quick Cash ESP.
- AC unit will be metered at the general service rate.
- Members with an AC receive a credit of \$5 applied to their electric account for the months **June through September**. The member must have a minimum general service usage of 200 kWh per month to qualify for the credit.
- Member is responsible for AC unit installation cost and maintenance of the AC unit.
- WH will provide installation of the load control device (receiver). WH will only pay for the standard installation of the load control device for the QCAC ESP.
- The ESP receiver equipment will need to be located outside the home.
- **Please allow six to eight weeks for rebate processing after ESP installation.**
- **The ESP for the AC unit will be required to be in place for a minimum of five years.**
- **By applying for the rebate you are agreeing to the terms of the program.**
- **Does not apply to ductless systems.**
- **Must be purchased between January 1 - December 31, 2023. Submit the completed rebate form and a copy of the original sales receipt within 90 days of purchase to:**

Wright-Hennepin Cooperative Electric Association
Attn: Administration
PO Box 330
Rockford, MN 55373-0330
