Terms of the WH Energy-Saving Rebate Program

- Rebate amount is \$15 per kW on the tank, maximum is 4.5 kW.
- Rebates will be issued as a credit on your WH electric bill.
- Water heater must be installed within WH service territory.
- Water heater must be on the Peak Shave Water Heating Energy-Saving Program (ESP).
- Water heater control times are limited to six hours per day, only during peak demand times. Typically, between 4 - 10 p.m.
- Water heater will be metered at the general service rate.
- A credit of \$5 will be applied to the member's electric account monthly. The member must have a minimum general service usage of 300 kWh per month to qualify for the credit.

- This program is available on a limited basis and will require approval for participation.
- Member is responsible for water heater installation cost and maintenance of the water heater.
- WH will provide installation of the load control device. WH will only pay for the standard installation of the load control device for the Peak Shave Water Heating Program.
- The ESP receiver equipment will need to be located outside the home.
- Contact WH at (763) 477-3000 for final ESP inspection. ESP rates and rebates will not be applied until final inspection is completed.
- **Please allow six to eight weeks for rebate processing after ESP installation.**
- **The ESP for the water heater will be required to be in place for a minimum of five years.**
- **By applying for the rebate you are agreeing to the terms of the program.**
- **Must be purchased between January 1 - December 31, 2024. Submit the completed rebate form and a copy of the original sales receipt within 90 days of purchase to:**
