Member/Customer must meet purchasing credit requirements.

Member/Customer must be purchasing electricity and/or security monitoring from WH or be under contract agreement to do so in the future.

By agreement, upon termination of energy services or upon sale of property, unpaid balance will be due in full.

Non-payment resulting in default of the payment plan or non-compliance to the financing agreement will result in the transfer of unpaid balance to the member/customer's account for service. WH reserves the right to apply any administrative costs to the unpaid balance plus the retirement of the member/customer's capital credit allocations at the prevailing discount rate by Board policy. Delinquent balances will be reported to the credit bureau which could affect the member/customer's permanent credit rating.
